Team ID	23A51A05M8
Project Name	Metro Ticket Generating System in ServiceNow
Maximum Marks	4 Marks

Empathy Map Canvas:

An empathy map is a simple, easy-to-digest visual that captures knowledge about a user's behaviours and attitudes.

It is a useful tool to helps teams better understand their users.
Creating an effective solution requires understanding the true problem and the person who is experiencing it.

Think & Feel
I want a quick and hassle-free ticket booking experience
I feel frustrated standing in long queues
I want to know the fare before I travel
I prefer digital tickets and less paper usage
I want a smooth, comfortable and stress-free journey
It saves time if I can book in advance
I worry about losing my physical ticket
Hear
Friends suggest using apps or online booking for convenience
Announcements about delays or service updates
People complain about long queues at counters
Suggestions to use smart cards or QR tickets
News about digital transformation in public transport
See
Crowded ticket counters during peak hours
Long lines and waiting time at metro stations
Digital screens showing routes, fares and timings
People using mobile apps and digital payments
Posters promoting QR tickets and smart card usage
Metro Commuter
Daily traveler who uses metro for commute
Say & Do
I want a faster way to book tickets
I usually prefer online or app based booking
I check the fare before planning my journey
I pay digitally whenever possible
I follow rules and guidelines in the metro
Pain
Long queues at ticket counters
Time-consuming manual booking process
Confusing fare calculation
Risk of losing physical tickets
Rush during peak hours
Limited booking options
No real-time booking convenience
Waiting in line every time
Gain
Instant and easy online booking
Accurate and transparent fare calculation
Digital tickets with QR code
Secure and fast payment options
Instant booking confirmation via email/SMS
Saves time and reduces stress
Easy access to booking history and tickets
Better and smooth travel experience
